

2015 Golf Cart Bids

At this time I am recommending that we accept the bid from Yamaha.

I am further recommending we contract for the 4 year lease with a 3 year roll out.

The difference in expense is a saving of \$37,822.

Other differences in the lease are as follows:

- The warranty from Club car runs 5 years on the Engine and Transaxle. Yamaha runs 4 years.
- The seat is a 4 year warranty with Club Car and only 1 year with Yamaha.
- Yamaha offers free extra rental carts for tournaments with a \$750 delivery fee (up to 40 carts). Club Car offers a \$29 fee per cart and a delivery fee of \$150 to \$450 per every 5 carts.
- Club Car offers a \$1,500 line of credit on parts and repairs.
- Both carts were demoed by our customers. The feedback was the club Car was ok and the Yamaha was excellent.
- We have been a customer of Yamaha for over 10 years and they have been exceptional and more than fair with any problems.
