IMPORTANT INFORMATION

Non-Resident Holiday Island Property Owners **VOTE IN THE DECEMBER 3RD ELECTION**

- A group of resident Holiday Island property owners and current members of the Holiday Island Suburban Improvement District (HISID) Board of Commissioners are attempting to incorporate Holiday Island into a city.
- A vote on incorporation will take place in November 2020. As a non-resident property owner, you will have no voice and no vote. This means if incorporation passes with a popular vote, you will have no voice and no vote in any budget decisions, taxation, regulations, fees, fines licenses, elected officials, or other decisions made by the city. Holiday Island then will have two forms of local government, the current HISID and a city, along with existing county, state and federal oversight.

HOLIDAY ISLAND SUBURBAN IMPROVEMENT DISTRICT

PRESORTED STANDARD US POSTAGE PAIL RICHMOND VA PERMIT NO. 1039

In opposition to this attempt, a study group of Holiday Island property owners feels that a City of Holiday Island cannot support itself on potential funding sources, and potential additional taxation and fees would put an undue burden on property owners.

As a property owner, you will continue to pay HISID annual assessments, plus a new city tax and any other fees the city may impose.

HERE IS WHAT YOU CAN DO! Nominations for two HISID Board of Commissioners members are due October 21 this year. If you are not in the Holiday Island area, PLEASE follow the instructions and vote absentee. You will receive notice by mail from HISID about the voting process approximately Sept. 24, 2019. Preserve your rights and make your voice heard in this election!

HERE'S HOW: Vote in the Dec. 3, 2019, election to select two new commissioners. Current commissioners up for re-election are Linda Graves and David Makidon. Both support incorporation and increased expense to property owners. Graves and Makidon will have opposition in the election from two qualified and knowledgeable candidates who live in Holiday Island and want property owners to have their full legal voice in local government. It is vitally important that Holiday Island has commissioners who represent all Holiday Island property owners, not just special interests as is the current, long-standing, policy.

Keep Holiday Island affordable, help assure your property has value and preserve your property-owner rights! **VOTE**!

Longevity Compensation

"Longevity" refers to continuous and uninterrupted regular full-time service (minimum of thirty 35 hours of work per week) with HISID without a break in service through termination.

Amounts of Compensation

Beginning in 2020, all regular, full-time HISID employees shall receive an annual single payment of longevity compensation for continuous and uninterrupted service, as a full time employee, to be paid by separate check during the first pay period of December to those whose anniversaries during that year fall according to the following chart:

| Longevity |
|--------------|
| Compensation |
| \$0 |
| • |
| \$120 |
| \$180 |
| \$240 |
| \$420 |
| \$480 |
| \$540 |
| \$600 |
| |

Longevity Pay at Termination

In the event a full-time HISID employee is terminated prior to the first week of December, he or she shall be compensated for accumulated longevity compensation, as available funds are appropriated for such purpose by HISID.

Sick Leave Procedure

Employees who are unable to report to work due to illness or injury should notify their direct supervisor before the scheduled start of their workday, if possible. The direct supervisor must also be contacted on each additional day of absence.

If an employee is absent for three or more consecutive days due to illness or injury, a physician's statement must be provided verifying the illness and its beginning and expected ending dates. Such verification may be requested for other sick leave absences as well and may be required as a condition to receiving sick leave benefits. Before returning to work from a sick leave absence of 10 calendar days or more, an employee must provide a physician's verification that he or she may safely return to work.

Sick leave benefits will be calculated based on the employee's base pay rate at the time of absence and will not include any special forms of compensation, such as incentives,

commissions, bonuses or shift differentials. As an additional condition of eligibility for sick leave benefits, an employee on an extended absence must apply for any other available and applicable compensation and benefits, such as workers' compensation.

Sick leave benefits will be used to supplement any payments that an employee is eligible to receive from state disability insurance, workers' compensation or HISID-provided disability insurance programs. The combination of any such disability payments and sick leave benefits cannot exceed the employee's normal weekly earnings.

Unused sick leave benefits will be allowed to accumulate until the employee has accrued a total of 30 calendar days' worth of sick leave benefits. If the employee's benefits reach this maximum, further accrual of sick leave benefits will be suspended until the employee has reduced the balance below the limit.

Unused sick leave benefits will not be paid to employees while they are employed or at termination of employment.

Unused Sick Leave Compensation (For employees with more than five years employment)

Beginning January 1, 2020, the maximum cap for sick leave accrual will remain 30 days, accrued at 3.08 hours per pay period (80 hours per year). If, on December 31, 2019, the employee has accrued the maximum number of sick leave days (30 days) and has utilized only part or none of the ten days of sick leave in the current year, the employee will be compensated for the current year accrued unused portion of sick leave.

The rate of compensation shall be \$50 per day up to a maximum of ten days to be paid within forty-five days after the year-end. The payment will be made in a lump sum payment to all active employees eligible for this benefit. The total number of days an employee must accumulate to receive maximum benefit is forty days. After accumulation of 40 days, the employee on December 31st of each year would have ten possible days of unused sick leave. The maximum compensation of unused, accrued sick leave shall be \$500.00 annually (ten days @ \$50 per day). Unused sick leave compensation shall not be paid to an employee upon separation from HISID.

<u>Veh/Equip Maint:</u> Serviced SQ-2. Replaced leaking fuel pump on Brush-1. Tuned up W-12. Installed new battery in W-33. Installed new carburetor on Rec Center Kubota Mower.

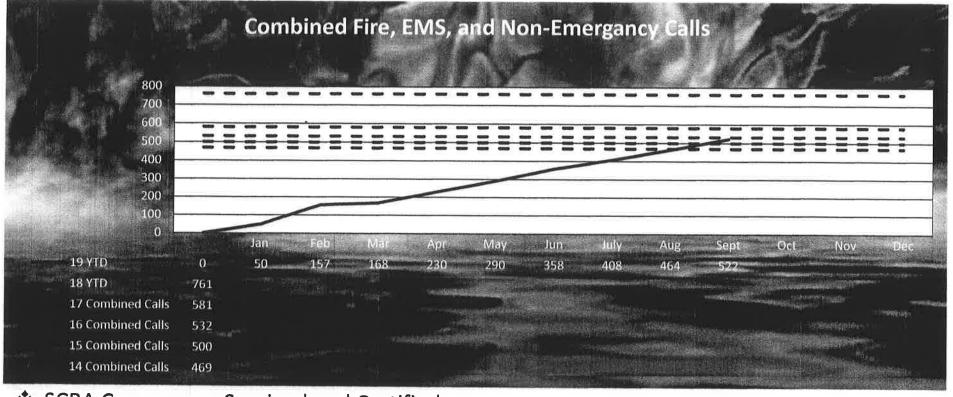

2019 Road Paving Update: Due to periodic rain, contractor is behind schedule.

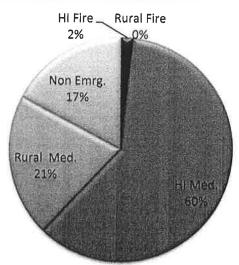

Fire Department

- SCBA Compressor Serviced and Certified
- 10 Motor Vehicle Accident
- Annual Fire Extinguisher Service
- Elks Tournament Booth
- ❖ Fully Staffed (3 FT)
- Medical Training: Lung Sounds, Oxygen Intervention
- Fire Training: Terminology Refresher

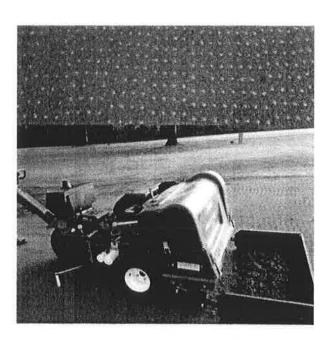

Golf

- September was hot and dry. In addition to daily mowing, greens required hand watering in the mornings, and controlling goose grass on the putting surfaces in the afternoons.
- Busy golf month, hosted the Men's and Ladies club championship events, the Tee's for Ta Ta's, and the Elks lodge scramble. The new larger rough unit has made a big difference in our ability to mow out the golf course for these events.
- Had excellent weather for Aerification, pulled 1/2in cores with our Pro Core, and utilized a drag box, borrowed from another course, on the rear of the machine to help remove the plugs from the putting surface. Multiple Topdressings, brushings, and rollings will take place in the coming weeks to help fill the holes, and return the smoothness of the putting surface.

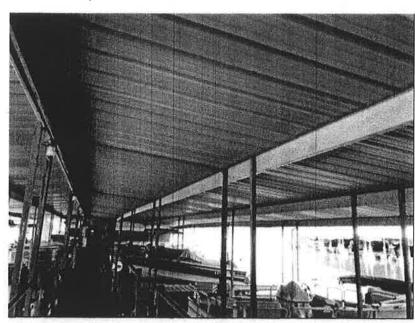

Marina

Facility upgrades:

- New towers, winches, and anchors
- Dock cleaning and First spider treatment
- First section of Main walkway temporarily repaired until replaced
